

## Petit Chablis 2016

**Grape Variety :**  
 Chardonnay

### Vineyard

**Site:** this is the northernmost region of Burgundy, located in a dramatic circle of hills where vines have been planted for hundreds of years

**History & tradition:** in the sixties, when the Chablis vineyards were all but abandoned, Robert Drouhin recognized the potential of this region which had been ravaged by the phylloxera disease a century before. He was one of the first Burgundy propriétaires who set about revitalizing the area.

**Soil:** the Kimmeridgian limestone contains millions of tiny marine fossils embedded in a kind of whitish mortar which may have been once the bottom of the sea...hundreds of million years ago. This marine origin gives the wines of Chablis their unique flavour.

### Viticulture

**Plantation density:** 6 250 stocks/ha.

**Pruning:** double Guyot "Vallée de la Marne" (for its resistance to frost).

**Yield:** we aim for a lower yield in order to extract all possible nuances from the terroir.

### Vinification

**Supply:** grapes and musts purchased from supply partners.

**Very slow pressing** so as to respect fruit.

### Ageing

**Type:** in vats.

**Length:** 7 to 8 months.

### Tasting note by Véronique Boss-Drouhin

"A dry and fruity wine, easy to drink. Very fresh aromas reminiscent of citrus (lemon or grapefruit). On the palate, dry and fruity, with mineral notes."

### Vintage

The Chablis vineyard was largely hit by the spring frost, responsible for a small, even very small crop in some areas. The harvest took place under excellent conditions. There are various styles of cuvées: some wines with a high acidity level and others offering more roundness. The vinification was very interesting and brought an attractive freshness as well as an appealing aromatic complexity.

### Serving

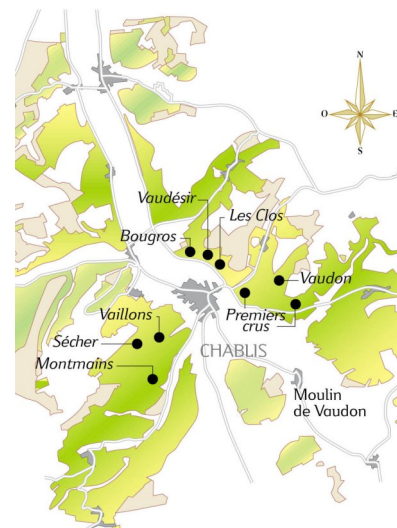

**Temperature:** 11°C (51-52°F).

**Cellaring:** 1 to 3 years.

## DOMAINE DROUHIN VAUDON

The Moulin de Vaudon, the property of Joseph Drouhin, is an 18th Century watermill straddling the Serein River, close to the Grand Cru vineyards of Chablis. Flowing gently past hillsides covered with vineyards, the river has always been closely identified with Chablis and its region. Because of its unique location at the heart of their 38 hectare vineyard estate (95 acres), this historical mill is the headquarters of the Drouhin Domaine in Chablis.

Joseph Drouhin, a precursor and pioneer in this great wine region for 40 years, will strengthen the identity of

## Petit Chablis 2016

their prestigious Chablis Domaine. With this in mind, and starting with the vintage 2008, the name "Vaudon" will be associated with Joseph Drouhin for all its Chablis wines as a sign of the firm's allegiance to this historical terroir.
